

IAGE Young Researcher Award

The IAGE **Young Researcher Award** recognizes outstanding scientific work in green energy research by a young scientist or engineer. The award recipient must show exceptional promise as a developing leader and make outstanding and continuing contribution to green energy research.

Rules and Eligibility

- A nominee must be a young scientist or engineer who has contributed in an outstanding and innovative way to the progress of green energy research.
- The nominees shall not have reached their 40th birthday prior to January 1 of the year in which the Award recipient is announced and the Award is presented.
- Nominees of any nationality are eligible. Self-nominations are not accepted.
- Previous recipients of the Young Researcher Award are not eligible.

Administration

- The Young Researcher Award is managed by the IAGE Honors and Awards Committee.
- The IAGE Honors and Awards Committee is responsible for soliciting and evaluating nominations and making selection decisions.
- The Award is normally presented at the annual IGEC conference.

Nomination Submission Information

The nomination should be submitted to IAGE Honors and Awards Committee. The nomination information required includes:

1. Nominee and Nominator Information: Full name, organization, mailing address, email address, telephone number and nominee date of birth.
2. Nominator statement (2 pages maximum) which supports the candidate's suitability for the Award, with regard to innovative and creative nature of the candidate's work and potential shown by the candidate as a future leader in green energy research.
3. Curriculum vitae of the Nominee (including birthdate) and list of key publications and any additional supporting information relevant to the Nominee's contribution may also be included.
4. Two additional letters of support from established scientists or engineers familiar with the Nominee's qualifications and area of research.
